

# Arny Lite

A minimalist seating range with a compact footprint, perfect for use in the tightest of spaces. A more formal seating position makes the range ideal for the workplace.

# Army Lite Booths

Combining two **Army Lite** sofas with a specially designed table and link wall creates a freestanding, casual meeting pod. Ideal for use in open plan spaces where an element of visual and acoustic privacy is required without being completely separated from the space.

# Warranty Information

## 5 YEAR – NORMAL FAIR WEAR & TEAR

This includes the structure and any foam/padding materials. Fabrics are covered by fabric manufacturers' warranties, usually 5 years, dependant on fabric choice.

Please refer to full **sixteen3** Warranty information document for more details. **sixteen3** ltd reserve the right to update product data information without prior notice.

## Standards

### FLAMABILITY

The foams & fillings of this product meet BS EN 5852: Part 2, in accordance with The Furniture and Furnishings (Fire) (Safety) Regulations 1988.

### CONSTRUCTION

Designed to meet & exceed BS EN 16139: 2013 – Strength, Durability and Safety Requirements for non-domestic seating.

### SURFACES

Laminate surfaces tested to EN 438-2 for scratch resistance in horizontal surfaces.

## Cleaning & Maintenance

### GENERAL MAINTENANCE

- Vacuum upholstery regularly to remove dust and grit.
- Most hard surfaces can be cleaned with a soft cloth, dampened with a small amount of water and buffed dry.
- Clean spills and stains quickly to prevent them setting in (see specific fabric care instructions below).
- If being used in a spill/stain prone area specify an appropriate finish with stain-repellent properties.

Refer to fabric manufacturers own guidelines for specific information.

### NATURAL FABRICS

In addition to regular vacuuming, wool and other natura fibres can usually be cleaned using appropriate upholstery shampoo. For a deeper clean it is best that wool be dry cleaned, as over-wetting can cause shrinkage and appearance change. Never apply bleach, ammonia, alkali or strong acids to wool upholstery.

### SYNTHETIC FABRICS

Vacuuming is the best regular maintenance followed by speed of action to remove spills and stains rapidly as soon as they occur. Most synthetic fabrics can be wiped down with a water soaked damp cloth without fear of damaging fibre or removing colour. Stubborn stains can be removed with a quality upholstery shampoo.

### LEATHER

Leather should be regularly dusted with a soft cloth and vacuumed with a soft brush extension. Most types of aniline can also be treated with specialist products to help preserve colour/finish etc. As leather is a natural material, discrepancies in surface texture and 'puddling' in seat areas is to be expected.

### WOOD & LAMINATE FINISHES

Clean surfaces regularly with a slightly damp cloth and buff dry with a soft duster. The finish on all wood and laminate surfaces is designed to withstand moderate heat and some spillages, but all spillages should be wiped off with a damp cloth straight away. Do not drag any objects across any table tops. Certain wood finishes will naturally change in appearance with age. We cannot guarantee an exact match of any timber products.

### POLISHED METAL

Clean surfaces regularly with a soft cloth. A high quality chrome cleaner can be used to protect against tarnish and maintain the reflective finish.

### POWDER COATED & PAINTED

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster.
