Frosted: Sandblasted toughened 10mm. GF
Smoked: Toughened 10mm. GS
Bronze: Toughened 10mm. GB
When ordering please specify by replacing 'y' with top code.

PRODUCT MATERIAL BREAKDOWN

Material Breakdown Data based on **Options** Ø800mm Standard Height with Laminate Top OPP-SH-R800-LC
Figures stated will vary depending on model purchased and specification changes.

Recycled data based on supplier information and industry averages. As part of our continuous development processes we will review this information regularly and data may change without notice.

59%	MILD STEEL
40%	MELAMINE FACED MDF
<1%	POLYESTER POWDER COAT
<1%	STAINLESS STEEL
<1%	ZINC PLATED MILD STEEL

TOTAL WEIGHT: 21.6kg

33.22 KG CO2e
*calculations are based on average emission factors validated by third-party open data sources based on cradle-to-gate phases of typical product lifecycle.

SUSTAINABILITY

This product has been designed using high quality materials and craftsmanship to ensure its longevity, however at the end of this products life it can be returned to **sixteen3** for refurbishment or recycling.

For FSC® Chain of Custody specify when ordering.

Warranty Information

5 YEAR – NORMAL FAIR WEAR & TEAR

This includes the structure and any foam/padding materials.
Fabrics are covered by fabric manufacturers' warranties, usually 5 years, dependant on fabric choice.

Please refer to full **sixteen3** Warranty information document for more details.
sixteen3 Ltd reserve the right to update product data information without prior notice.

Standards

CONSTRUCTION

Designed to meet & exceed BS EN 15372: 2013 – Strength, Durability and Safety Requirements for non-domestic tables.

SURFACE

Laminate surfaces tested to EN 438-2 for scratch resistance in horizontal surfaces.

Cleaning & Maintenance

GENERAL MAINTENANCE

- Most hard surfaces can be cleaned with a soft cloth, dampened with a small amount of water and buffed dry.
- Clean spills and drips quickly to prevent them marking.
- Never drag any objects across tabletop surfaces as these can leave surface scratches.
- Although tabletop surfaces are resistant to a degree of heat & liquids, we would always recommend the use of coasters as an additional protection.
- Bases should be checked and tightened periodically to reduce wear.

WOOD FINISHES

Clean surfaces regularly with a slightly damp cloth and buff dry with a soft duster. The finish on all wood and laminate surfaces is designed to withstand moderate heat and some spillages, but all spillages should be wiped off with a damp cloth straight away. Certain wood finishes will naturally change in appearance with age. We cannot guarantee an exact match of any timber products.

POWDER COATED & PAINTED

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster.

GLASS

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster.
Avoid putting heavy items on glass table tops.
