

Milo

Creatively Complementing.

With an architecturally inspired, asymmetric silhouette, Milo tables add an element of creativity and intrigue to any environment. Expertly curated design details give Milo a unique identity, whilst extensive finish combinations make it perfectly adaptable for any interior style.

Clever invisible fixing methods allow Milo tables to be shipped flat-packed. This reduces packaging requirements and allows for considerably reduced transport volume, significantly lowering the environmental impact.

Cleaning & Maintenance

GENERAL MAINTENANCE

- Most hard surfaces can be cleaned with a soft cloth, dampened with a small amount of water and buffed dry.
- Clean spills and drips quickly to prevent them marking.
- Never drag any objects accross tabletop surfaces as these can leave surface scratches.
- Although tabletop surfaces are resistand to a degree of heat & liquids, we would always recomment the use of coasters as an additional protection.

WOOD FINISHES

Clean surfaces regularly with a slightly damp cloth and buff dry with a soft duster. The finish on all wood and laminate surfaces is designed to withstand moderate heat and some spillages, but all spillages should be wiped off with a damp cloth straight away. Certain wood finishes will naturally change in appearance with age. We cannot guarantee an exact match of any timber products.

POWDER COATED & PAINTED

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster.

GLASS

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster. Avoid putting heavy items on glass table tops.
