

# Milo

With an architecturally inspired, asymmetric silhouette, Milo tables add an element of creativity and intrigue to any environment. Expertly curated design details give Milo a unique identity, whilst extensive finish combinations make it perfectly adaptable for any interior style.

Clever invisible fixing methods allow Milo tables to be shipped flat-packed. This reduces packaging requirements and allows for considerably reduced transport volume, significantly lowering the environmental impact.

STEEL FRAME/TOP COLOURS:

On small orders a minimum charge may apply.

TWO-TONE METAL

Contrast top & legs available, m.o.q. 4no. pieces or upcharge applies.

TABLE TOP FINISHES:

When ordering please specify by replacing 'xx' with finish code.

**STEEL** Available in powder coat colours as per frame.  
Code: ST

WOOD OPTIONS

**Birch Plywood\*** P  
**Natural Bamboo** NB  
**Caramel Bamboo** CB  
**Grey Valchromat** GV  
**Black Valchromat** BV

**\*Birch Plywood:** We use a high quality plywood board with a water-based clear lacquer. While care is taken to avoid any large knots or visible plugs these may still appear and are in keeping with the natural appearance of the material.

GLASS OPTIONS  
Toughened 10mm

**Clear** GC  
**Smoked** GS  
**Bronze** GB

SMILE PLASTIC  
100% Recycled

**Grey Mist** SPG  
**Charcoal** SPC

PIT-TO-TABLE  
Olive pit table tops made from at least 60% agricultural waste

**Natural** PBN  
**Charcoal** PBC  
**Soft White** PBW

NOTE: Pit-board tops are made to order & lead times may vary. Speak to us for details.

## Warranty Information

### 5 YEAR - NORMAL FAIR WEAR & TEAR

This includes the structure and any foam/padding materials. Fabrics are covered by fabric manufacturers' warranties, usually 5 years, dependant on fabric choice.

Please refer to full **sixteen3** Warranty information document for more details. **sixteen3** Ltd reserve the right to update product data information without prior notice.

## Standards

### CONSTRUCTION

Designed to meet & exceed BS EN 15372: 2013 - Strength, Durability and Safety Requirements for non-domestic tables.

## Cleaning & Maintenance

### GENERAL MAINTENANCE

- Most hard surfaces can be cleaned with a soft cloth, dampened with a small amount of water and buffed dry.
- Clean spills and drips quickly to prevent them marking.
- Never drag any objects across tabletop surfaces as these can leave surface scratches.
- Although tabletop surfaces are resistant to a degree of heat & liquids, we would always recommend the use of coasters as an additional protection.

### WOOD FINISHES

Clean surfaces regularly with a slightly damp cloth and buff dry with a soft duster. The finish on all wood and laminate surfaces is designed to withstand moderate heat and some spillages, but all spillages should be wiped off with a damp cloth straight away. Certain wood finishes will naturally change in appearance with age. We cannot guarantee an exact match of any timber products.

### POWDER COATED & PAINTED

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster.

### GLASS

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster. Avoid putting heavy items on glass table tops.
