# Cleaning & Maintenance

## WOOD FINISHES

Clean surfaces regularly with a slightly damp cloth and buff dry with a soft duster. The finish on all wood and laminate surfaces is designed to withstand moderate heat and some spillages, but all spillages should be wiped off with a damp cloth straight away. Do not drag any objects across any surfaces.

Finishes may naturally change in appearance with age, and can vary from one batch to another.  
We cannot guarantee an exact match of any surface finishes.
