# Adytum Media Table

**Adytum Media Tables** provide the perfect spot for collaborative presentations & discussions.

Spacious enough to accommodate a group, the tables are available in two size options, with Standard or Poseur Height versions allowing for different sitting styles and providing a break in height across open spaces. The curved table end makes for a more social setup. The fully upholstered wall panel can take AV equipment, perfect for presentations, whilst the table base conceals cable management for a clean & minimalist look. Optional power modules add functionality for mobile IT equipment.

Timber frame with upholstered finish. Laminate table top.

This product has been designed using high quality materials and craftsmanship to ensure it's longevity, however at the end of this products life it can be returned to sixteen3 for refurbishment or recycling.

For FSC® Chain of Custody specify when ordering.

Certificate No. 173

# Warranty Information

# 5 YEAR - NORMAL FAIR WEAR & TEAR

This includes the structure and any foam/padding materials.

Fabrics are covered by fabric manufacturers' warranties, usually 5 years, dependant on fabric choice.

Please refer to full **sixteen3** Warranty information document for more details.

sixteen3 ltd reserve the right to update product data information without prior notice.

# Standards

## FLAMABILITY

The foams & fillings of this product meet BS EN 5852: Part 2, in accordance with The Furniture and Furnishings (Fire) (Safety) Regulations 1988.

# CONSTRUCTION

Designed to meet & exceed BS EN 15372: 2013 - Strength, Durability and Safety Requirements for non-domestic tables.

### SURFACE

Laminate surfaces tested to EN 438-2 for scratch resistance in horizontal surfaces.

# Cleaning & Maintenance

# GENERAL MAINTENANCE

- Vacuum upholstery regularly to remove dust and grit.
- Most hard surfaces can be cleaned with a soft cloth, dampened with a small amount of water and buffed dry.
- Clean spills and stains quickly to prevent them setting in (see specific fabric care instructions below).
- If being used in a spill/stain prone area specify an appropriate finish with stain-repellent properties.

Refer to fabric manufacturers own guidelines for specific information.

# NATURAL FABRICS

In addition to regular vacuuming, wool and other natura fibres can usually be cleaned using appropriate upholstery shampoo. For a deeper clean it is best that wool be dry cleaned, as over-wetting can cause shrinkage and appearance change. Never apply bleach, ammonia, alkali or strong acids to wool upholstery.

# SYNTHETIC FABRICS

Vacuuming is the best regular maintenance followed by speed of action to remove spills and stains rapidly as soon as they occur. Most synthetic fabrics can be wiped down with a water soaked damp cloth without fear of damaging fibre or removing colour. Stubborn stains can be removed with a quality upholstery shampoo.

# POWDER COATED

Clean surfaces regularly with a slightly damp cloth and a mild solution of soapy water. Buff dry with a soft duster.

## LAMINATE SURFACES

Clean surfaces regularly with a slightly damp cloth and buff dry with a soft duster. The finish on all wood and laminate surfaces is designed to withstand moderate heat and some spillages, but all spillages should be wiped off with a damp cloth straight away. Certain wood finishes will naturally change in appearance with age. We cannot guarantee an exact match of any timber products.
